AFTERCARE INSTRUCTIONS FOR TUB, SINK AND TILE

One year guarantee for workmanship and materials

1. DO NOT use the tub, sink and/or tile for 48 hours after the refinishing.
2. Tub MUST be recaulked after the 48 hour drying period and prior to usage.
3. Use a bathmat with NO SUCTION CUPS. Remove the bathmat after each use.
4. Do not place stick-ons on the surface of the tub or tile. Permanent stick-ons will pull up the refinished surface when removed.
5. To clean the tub, sink and/or tile, use a NON-ABRASIVE CLEANER. The label should read "Safe for use on fiberglass/acrylic surfaces." Remove cleaner directly and thoroughly after use.

Recommended cleaners:

- a. SC Johnson Scrubbing Bubbles
 - b. Scrub Free- Soap Scum Remover
6. Do not leave bottles, soap or other containers on the tub. Chemicals in the products may cause the refinished surface to peel.
 7. Do not use any products in the tub which contain caustic chemicals, hair dye or bleach.
 8. No guarantee against rust. No guarantee on chip repair.

Following the above instructions will help maintain the integrity of the refinished surface.

Thank you!
